WOOPS, MY DEAR, THE FIGHT'S ON

Johnson to Win in 10; Flynn to Win in 15—So They Say.

(BY H. W. LANIGAN).

East Las Vegas, N. M., July 2.—Now for the Jim Flynn-Jack Johnson championship fight. Independence day brings the redoubtable dusky champion and the ambitious white challenger together and has Las Vegas the most watched of all towns in the state world. The fight has put this fair city on the map with a vengeance and thanks to the vigilance of mayor Robert J. Taupert, the big match will do much to bring the crowd in every respect for Las Vegas. The crowd is already here; the crowd is an orderly, free spending one and the townfolk are feasting a golden harvest.

Now to burst into the combat proper. In my opinion Tom Flanagan, L.P. Ar-tha's experienced chief lookout, hit the nail squarely on the head when he stated that the sport public can rest assured that it is set to see the best scrap staged between the big fellows since Jeffries, Fitzsimmons, Sharkey and the rest of the old ring heroes were in their prime and fighting fights that were fights. It is Flanagan's forecast that the Flynn-Johnson contest will be a 50 percent better encounter than the Jeffries-Johnson thing and a 25 percent better encounter than the Johnson-Burns fight.

Furthermore, every expert on the ground is praising the form of the two warriors. Seldom before in pugilism's history has a better groomed pair of warriors been sent to the post. Johnson is ready; in absolutely perfect trim, state general monarch Tom Flanagan and head trainer Watson Burns.

So much have the big black and the white challenger shown in training quarters that there cannot be any excess from the losing side. Johnson picks himself to win inside of 10 rounds. Tom Flanagan is not anticipating such a quick triumph. It is his forecast that the fight will be 15 or 17 rounds before the champion slips over the knockout.

Flynn Places a Limit.
Flynn has placed a limit of 15 rounds on the battle. Most of the experts are stringing with the two principals in prophesying that the fight is not going to be a short one. A look at Johnson's record will prove that he never wins in a hurry. Throwing out Al McNamara, Kid Cutler, Peter Felix and Charley Haghey, not to mention old Bob Fitzsimmons, whom the champion went against when that grand old man was completely at the end of his string, L.P. Artha has never been bracketed in a short scrap.

14 rounds; the late Stanley Ketchel, a middleweight, 12 rounds; Al Kaufman, who was easy for Flynn, 10 rounds; the limit; Tony Rosa, 6 rounds—the limit; Jack O'Brien, 6 rounds—the limit; Tommy Burns, 14 rounds; Ben Taylor, 8 rounds; Jim Flynn, 11 rounds; Joe Jeannette, 15 rounds; Sam Langford, 10 rounds.

Johnson's knockouts have been few and far between. He did not really stop the venerable Jeff. He only finished Ketchel when Ketchel, to all appearance, had him finished. His fight with Burns in Australia was stopped by the police in the 14th round after he had dropped Tommy in the first stanza.

So, surely Flynn should hang around a while at least.
